

National Beading Week Group Bunting

Thank you for joining our beaded bunting quest.

Please use Miyuki Delica beads - DB201 for the background to give our bunting uniformity. We'd like you to add your group name and the town you are from, using the chart provided. Lettering style and colours are entirely your choice.

Once you've beaded your flag from the chart, please add approximately 24 rows at the top, so this can be turned and fixed to make the channel for a cord to pass through.

If you have Bead Tool software and would prefer to chart your design using this programme, let me know and you can have the chart ready to open in Bead Tool.

If you feel inclined I'd be grateful if you would consider doing a BWG logo flag too, they are a little smaller. The idea is to 'punctuate' the group flags with some BWG logo flags every so often.

When you have completed your group flag(s), please send to:

Sylvia Fairhurst
11, Randolph Close,
Bradville,
Milton Keynes.
MK13 7JN

I hope to have the Group Bunting on display at GBBS in May. If you are unable to attend photos will be uploaded on the NBW website www.nationalbeadingweek.co.uk

Thank you once again for taking part. This is going to look absolutely fabulous.

Best wishes
Sylvia

Peyote Stitch

Brick Stitch

NBW Group Bunting Pattern

Design your own beading group flag to add to the Beadworkers Guild Bunting, by adding your group name and home town.

(This can be worked in two drop Peyote or Brick Stitch)

Please add 24 rows along the top edge of the chart to form a channel for the cord.

The background colour should be worked in Miyuki Delicas - DB201.
