Each day – for 7 days – we'll post part of the pattern (a few rows) and at the end of the week they'll have the whole pattern.

~~~ PLEASE READ CAREFULLY ~~~

*This Beadalong will be special: it's designed for the International Beading Week – DiMarca Online is very excited to be a guest ambassador!*

### START of the Beadalong

*The Beadalong starts Saturday July 25th 2020 – 10 am CET Central European Time  
(= start of the International Beading Week)*

*The Beadalong will take 7 days and every day we'll post the pattern for a few rows of the taco.*

*And the end of the week you'll have the whole Peyote Pod pattern.*

SUPPLIES: what do you need?

The end result will be a "Bicone Baroque" pod of 25 rows, we won't say more for now.

*You will need 11/0 Delica Beads in 3 colours and 4 mm bicones (we use Preciosa):*

- A: 7 grams (11/0 Delica Beads)
- B: 2.5 grams (11/0 Delica Beads)
- C: 7 grams (11/0 Delica Beads)
- D: 20 pieces (4 mm bicones – same colour as A)
- E: 32 pieces (4 mm bicones – same colour as B)

*Each quantity given is approximate and varies depending on the coating of the bead. The above quantity should be sufficient in any coating to make a 4-sided Pod.*

*We have kits available in 6 beautiful colourways:*

*We have used Miyuki Delica's. You can also use Toho Treasures (but don't mix them, as there is a slight difference in size).*

*You will also need:*

- Beading needle
- Beading thread of choice
- Pod stuffing of choice (the pod will be 25 rows)

*You can order the Perfect Peyote Pod Stuffing together with your kit*

**TECHNIQUES**

*The Pod is made in peyote. Knowledge of peyote is essential.*

*The pattern is free, but doesn't include the basic tutorial of how to make a Pod. If you are not familiar with making a peyote Pod, it's best to get the basic tutorial before the Beadalong starts:*
